DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This 2 1/2 story house is three bays wide by two bays deep and faces east. It is clad in imitation brick with standing-seam metal covering the gable roof. A one-story, one-bay-deep, shed-roofed addition extends across the rear, while a shed-roofed porch with chamfered posts spans the east front. The principal facade has the entrance in the central bay, flanked on either side by a 2/2 sash window; three 2/2 windows are arrayed across the second story, aligned directly over the first-floor openings. Two 2/2 sash appear on each floor on the south gable, with two 4-pane casements lighting the attic. The north gable has a single 2/2 window on each floor, with two 4-pane casements in the half-story. Interior chimneys rise from each gable peak.

Behind this house is a 1 1/2 story building, four bays wide by one bay deep, clad in novelty siding on its principal (south) facade, with asbestos shingles on its east gable. The west gable has an exterior brick chimney. A shed porch spans the south facade; its roof, like the gabled main roof, is covered with standing-seam metal.

This site appears on Martenet's 1862 map of Carroll County as the property of Jac Berwager.
